

OVER 50'S SHAREHOUSING SURVEY

Are you over 50?

Have you, or are you currently living in a share house situation? (i.e. not living with blood relatives)

Yes

No

How long did you live in this arrangement?

0-6 months

6-12 months

12 months or longer

Have you lived in more than one share house?

Were you a home owner or renting?

Where did you live prior to living in a share house?

Where did you live after leaving the share house?

How many people were involved in the share housing arrangement?

How did your house decide on tasks and household chores?

How did you house pay collective bills? (i.e. electricity, telephone)

Was anyone in your household on a Centrelink or other fixed income? If so, were or are you aware that you could claim concessions for your utilities? (i.e. Electricity, gas connection, telephone and some local councils also offer hard rubbish collection or home help concessions)

What would you describe as the benefits of share housing?

What would you describe as the pitfalls/problems with sharehousing?

Overall, would you describe the share house experience as positive or negative? Comment?

Thank you for your time
