

Media Release

Big Announcement! We are part of the Premier's 2017 Open State!

We are an Open State 2017 partner and the program is released today! Our event will feature International guest, [Indy Johar](#), a world-renowned international leader in innovative architecture and housing solutions.

This event is set to be our most innovative yet and we can't wait to see you there. Limited tickets available at [EventBrite](#) so please book now to avoid disappointment. Check out our fantastic speaker [line up](#).

Inspired by our CapitalAsset work, National housing, policy and planning issues, this event within the "Future Cities" theme brings together disciplines and organisations that do not traditionally work together including developers, builders, planners, architects, economists, civil society and academics. Our audience will be motivated to think outside the square about how we might work differently towards the future of our cities, infrastructure, housing, social impact investment and employment in South Australia. We will demonstrate our "big thinking" about urban renewal, design, employment, public policy and a live housing project that tackles environmental sustainability, social mix, the use of community land, high quality design and social impact investment.

Smart design and policy, inspired by unique collaborations, demonstrates what diverse communities of interest can achieve. Discussion about future cities, infrastructure, public policy, architecture, housing and social impact investment will highlight how achieving South Australia's economic goals need not come at the expense of our social goals for a fairer, more equal society.

[Open State](#) is a festival of ideas, innovation, collaboration and enterprise. It is a fantastic opportunity for South Australians to celebrate new ideas and connect with leading National and International experts, government, businesses and community organisations. Our event will be set alongside fifty of South Australia's most innovative, forward thinking organisations and speakers presenting events across Adelaide.

Please save the date Friday 6 October 1.00pm to 3.00pm at the Hub in Victoria Square!
